The webinar sounds like it deals with public information requests, so Admin/Records/Supervisor in charge of PODs, Flock LPR and MAV may be interested in attending this.
(This is the company we purchased software from for doing video redaction in public records requests)
I'm not planning on attending.

Veritone

Hi Stephen,

This year, over 500 California Law Enforcement Agencies are scrambling to prepare themselves to meet the state DOJ's required compliance with Assembly Bill (AB) 953, the Racial and Identity Profiling Act (RIPA).

During this live panel discussion, held on **Tuesday, May 11th, 2021 at 10AM PT,** you will learn from three different agencies their approach, best practices and lessons learned readying themselves for Stop Data Collection and subsequent delivery to the state DOJ. Our guests will include two lieutenants leading their respective agencies' evaluation of methods for collection as well as an agency

records manager who led her organization's "go live" earlier this year.

During this session, you will have the opportunity to submit questions for the panelists to answer.
